

EUROPEAN COMMISSION
DIRECTORATE-GENERAL
REGIONAL AND URBAN POLICY
Administrative Capacity Building and Programme Implementation II
Director

Brussels, 23.7.2018
DG REGIO

Dear Ms. Fenia Champsa,

I would like to thank you for expressing your interest in the “Pilot Action on Strategic Public Procurement”, through which the European Commission (DG REGIO) wishes to promote the use of strategic procurement by providing practical “hands-on” support to contracting and/or managing authorities.

We received seven applications to take part in the pilot action, out of which we have selected five. I am pleased to inform you that your authority’s application on procurement of new vehicles for OASA is amongst the ones selected.

As you know, the implementation of this pilot has been granted to the Organisation for Economic Co-operation and Development (OECD). The team in charge of the pilot action will shortly contact you with information on the timeline and next steps.

We are looking forward to working with you on the pilot action.

Yours sincerely,

Vittoria Alliata di Villafranca

CC: Dimitrios Drosis, Managing Authority

Paulo Magina, OECD
